

# Great Lakes and St. Lawrence Cities Initiative Municipal Adaptation and Resiliency Service

## Call to Action Form

Please fill in this form with details of your municipality's recent and planned adaptation and resiliency measures (e.g. 2014-2016). Actions listed can be any new operation, service or policy that contributes to adaptation, even if they are not part of a formal adaptation plan or strategy. This information will be made available to other Cities Initiative members on the MARS portal ([www.ccadaptation.ca/MARS](http://www.ccadaptation.ca/MARS)).

While budgets for adaptation measures are often found in multiple departments, please enter an aggregate sum if it is available.

Thank you for completing the MARS Call to Action Form. Kindly return it by email to [simon.belisle@glslcities.org](mailto:simon.belisle@glslcities.org).

<b>Municipality:</b> City of Mississauga	<b>Province/State:</b> Ontario
<b>Population:</b> 752,000	<b>Lake:</b> Ontario
<b>Staff Contact Name:</b> Julius Lindsay	<b>Staff Contact Phone:</b> 905-615-3200 x5344
<b>Staff Contact Email:</b> <a href="mailto:julius.lindsay@mississauga.ca">julius.lindsay@mississauga.ca</a>	<b>Mayor:</b> Mayor Hazel McCallion
<b>Summary of Adaptation Measures, current and planned:</b>  The City of Mississauga is a partner in the Peel Climate Change Strategy that has a number of climate change mitigation and adaptation actions. <a href="http://www.peelregion.ca/planning/climatechange/reports/index.htm">http://www.peelregion.ca/planning/climatechange/reports/index.htm</a>  The City is also involved in a number projects and initiatives aimed at increasing local resiliency Including: <ul style="list-style-type: none"><li>- A vulnerability assessment of the Port Credit Community in Mississauga (led by the Region of Peel)</li><li>- A Stormwater Financing study to examine how to fund stormwater projects and infrastructure</li><li>- Conducted Low Impact Development Pilot Project along Elm Street</li></ul> As part of the work completed by the Region of Peel, the City will receive 100 year future climate projections for Peel later this year. The City will be using that data to determine and prioritise new adaptation actions.	
<b>Estimated Budget for Adaptation Measures (if available):</b> Any future actions are subject to the City's normal Business Planning process.    	
<b>Partners:</b> The partners involved in the Peel Climate Change Strategy include Mississauga, The Region of Peel, The City of Brampton, The Town of Caledon, Toronto And Region Conservation Authority, and Credit Valley Conservation.
